1. During his last Annual tour, Col Meade on the occasion of his visiting the town of Chicknoor listened to certain proposals from the Members of the Municipal Board and certain of the other inhabitants, connected with the improvement of the town; amongst which the question of establishing × Mosafa'? Khanas (Rest-house for travellers) was discussed. and it having been brought to Col Meades notice, that nearly 4000/ would be subscribed for the purpose, a proceeding which he highly commended, he promised that as soon as it was reported that the money had been collected he would endeavour to supplement the amount so subscribed by a similar sum. Vide Chief Commrs Diary d/ 31st Jan 3/73, Extract from which was communicated to the Commr. of Nagpur for information and Guidance.

(× The word, a very common one, is Musafir)

Vide Diary put up place marked.

2. A sum of Rupees 4086 has been collected from the Hindoo and Mahomedan inhabitants of the town, towards the

Vide lists received

the object in view; in the proportion of Rupees 2976 from the Hindus, and 1110/ from the Mussulmen.

3. The Dy. Commr. of Kadoor represents the necessity of three Musafa khanas at Chickmagloor, owing to the growing importance of the place, and the numbers of travellers, Merchants, and pilgrims, visiting the place; the latter resorting here on account of the famous cave and temple at Bababooden Giri, and reports that the wishes of the subscribers, are to have two separate Mosafa khanas built, one for Hindoos and the other for Mussulmen, and that if Government would supplement 4000/ towards the project two very decent buildings could be erected as some facilities are already afforded by sites being available. On one site not very far from the Entrance of the town, exists a dilapidated small Hindoo Mosafa khana, the materials of which would help in the construction of the new one, and in the middle of the town a Nephew of Ghousa Khadra, the Makundum of the Bababooden Giri obtained a site for a Mosafa khana to be built at his

his own Expense. Solid foundations & walls of the intended structure were erected but the death of the builder has caused the building to remain in State quo; the site however reverts to the Municipality, owing to the conditions on which it was given not being fulfilled. Major Mollet says it would please the family of the deceased & the Musselmen generally, if the new building bear the name of the deceased, whilst the Hindoo Mosafa Khana should bear Col Meadi's name.
He further proposes that the names of the subscribers should be inscribed on two plates to be fastened to the doors, or walls of the new buildings.

4. The Comm.r of Nuggur in commending the conduct of the inhabitants in having evinced such liberality in the matter, requests that the Chief Comm.r may be moved to sanction the equivalent donation from Government; after which Plans and Estimates can be prepared. He is of opinion that the District Funds of the Kadoor District will be unable to bear the charg and

and that the sum will therefore have to be sanctioned out of other funds at the disposal of the Chief Comm.r.

As the Govt may employ surplus funds as are said to be made and required for the upkeep of the Protection from the allotments of which they have accumulated, the above mentioned sum of Rs 4000 — may be paid from the Local Funds General at the disposal of the Chief Engr.

GOVERNMENT OF MYSORE

Memorandum

1. On his last visit to Chickmoogloor in the early part of 1873, Colonel Sir Richard Meade was graciously pleased to say that he would subscribe on behalf of Govt a sum Rs: to that Rs: may be collected from the inhabitants towards the Construction of a Chatrum (or Rest-house) Rs: was badly wanted there.

+ both the Hindoos & Mohemedans.

2. The Inhabitants subscribed 4000 + odd Rupees + it was proposed to build two Chatrams, one for the Hindoos & the other for the Mohemedans, with a further Grant of 4000 Rs: from Govt, Rs: was sanctioned & directed to be met from the Local Fund Sent.

Major H. E. Mottat.

3. In reporting the Collection from the inhabitants, the Dy: Commr recommended two Sites for the buildings thus.

1) For Hindoo Chatrum - The Site of a delapidated small Hindoo Mussafirkana, not far from the Entrance of the town

2) For Mohamedan Chatra- Site of Mussafirkana in the

middle of the town, partly built by a Mohamedan & left ~~Attatu~~ Attatu Geo, the builder having died.

4. Now, the Rajar Commr. forwards copy of his Cadoor No. 84/1 letter soliciting sanction to the grant of the site of a building now occupied by some Public Offices, which it appears will be removed to a new building under construction - for erecting the Hindoo Chatram thereon - Mr. Ricketts recommends the proposal & adds that the buildings on the site required, may be sold & the proceeds credited to Govt. It would also appear that a separate site for the Mohamedan Chatrum has been selected -

5. As sites for both the buildings in question, had already been selected as noted in para 3 above, & as no explanation has been furnished as to the cause that necessitated the finding of fresh ones, may not the Commr. be addressed on the subject before passing orders on the letter under

MYSORE COMMISSION

Letter No 332/52 of 19th September/74.

The Commissioner of Nagar, in submitting plan and estimate amount=ing to Rs 3,765 for the construction of a Mohamedan Moosafirkhana at Chitta=nagahur, expressed a desire that before sanction is accorded thereto, they should be regularly checked in the Office of the Secretary D.P.W. Accord=ingly the papers were referred to the Chief Engineer in this Office No 4819/07 3rd October 1874

2. From the alterations made in the Inclosure in the Chief

be observed that the cost of the building was raised from Rs 3765 to Rs 4077 or Rs 312 more than what was proposed by the Commissioner on the ground that the cornice and ornamental works have been under-estimated &c.

3. In para 2 of his letter under reference Colonel Sankey adds that the estimate should be raised to Rs 4400 so as to give a finish to the work.

4 In the marginally noted order a sum of Rs 4000 forming Government share of contribution was

To!
The Commissioner of the
Kadur Division

Sir,

In forwarding the accompanying copy of a letter from Mr Streenivas Iyengar, dated the 15th Instt, I have the honor, with reference to para 6 of the Chief Commissioner's diary received with your docket No 674 of the 1st March last to report for your own & Colonel Meade's information that Rs 4000 have been subscribed and paid up towards the construction of Meoosjee Khanas in the Town of Chickmaglur.

2. The Chief Commissioner will remember that on his visit to Chickmaglur the inhabitants to commemorate the event, proposed to subscribe towards

towards a fund for building a Dhoosafirkhanas, one of them to bear the name of Colonel Meade, and that the Chief Commissioner graciously said that as there were no Dhoosafirkhanas in such a thriving place he would be prepared to subscribe on behalf of Government a sum equal to that subscribed by the inhabitants if the funds admitted.

3. The want of Dhoosafirkhanas is one that has been very much felt for a long time. the number of travellers & Merchants visiting Chickmoglore being very great. Numbers of pilgrims both Hindoos & Mussulmen resorting to the celebrated cave and temple at Bababooden Giri, also

also pass at all times of the year through Chickmoglore, and it is on this account that the inhabitants have come forward so generously with their subscriptions which may be considered very liberal considering the size of the town

4. It appears to be the wish of the inhabitants that two separate Iwoosapirkhanas should be built - one for Hindoos of all castes and the other for Mussalmen - If Government will subscribe 4000 Rs. to this project, two very decent buildings may be built, especially as some facilities are already afforded by sites being available. On one of these sites, not far from the entrance of the town, exists a delapidated small Hindoo Iwoosapirkhana, the materials of which would help in the construction of the new and

and larger building to be executed.
Again in the middle of the town
a Nephew of Goushakhadri, the
Inakandar of Bababooden Giri
obtained a site for a Inoosafir=
-khana to be built at his own
expense - Solid foundations and
some walls of this building were
erected but the death of the
builder has caused this building
to remain in <u>statu quo</u> and it
now looks more like ruins —
than anything else - A handsome
building could be built on these
foundations - The site from the
conditions not being fulfilled, —
reverts to the Municipality but
it would perhaps please the
family of the deceased and the
Inussulmen generally that this
building should bear the deceased's
name

name while the Hindoo Dhoovajir=
khana would, I understand to be
their wish, bear Colonel Meade's
name.

5. Early orders are requested as
if the Government is able to make
the allotment of Rs. 4000 this year,
I would place myself in commu=
-nication with the Executive Engineer
and with his assistance prepare
such plans as will please the
inhabitants and at the time Mr.
Clift will doubtless see that they
are substantially and handsomely
built.

6. I think the names of the
subscribers should be inscribed on
two plates to be fastened on the
doors or walls of the two Dhoosa=
-jir-khanas. This will please the
subscribers and will not prove
very expensive and when donation
is

is received this will be suggested to the Executive Engineer to be included in the Estimates.

7. I beg to enclose a copy of the List of Subscribers and the amount subscribed by each to attain the object in view.

To The Comm'r Nuggur Dn

Sir,

With reference to previous correspondence on the subject of a Cluttery and Moosafar Khana at Chickanaglore I have the honor to submit that a site has been selected for the Moosafurkhana which as you have seen in person on the occasion of your late visit is well suited for the purpose - No spot equally convenient for the Cluttery has yet been found - The building now occupied by the General & Jud. asstts' Courts and the Treasury will be shortly vacated on the completion of the new Offices - If this building or at least the ground occupied by it can be made over it will do very well for the Cluttery -

I beg therefore to request that you will be good enough to obtain the Chief Com's Sanction for the transfer of the above and if it is not likely to be accorded to give early intimation of the same with a view to the selection of some other site -

Dated 10th August 1874.

Your No. 2632/41 of the 8th July last, enquiring why the sites for building Chuttrums at Chikmagalur have been changed. —

Forwards in reply copy of the Dy: Commrs No 249 of the 6th Inst:, from which it will be observed that the site for the Chuttrum for Hindoos was changed, as the locality originally proposed is not considered so good, as the one subsequently proposed: to which the Chief Commrs sanction is requested.

The old site for a Musafarkhana for Mussulmans has not been changed. —

Sir,

With reference to your Docket No 277 of the 17th ult: giving cover to a copy of Secy's No 2632/41 of the 8th idem relative to the site of the Chuttrum to be erected at Chickmagalur, I have the honor to state that no settlement had been come to with regard to the site although a spot on which a private individual keeps a Chultry on the west of the Town was thought most eligible at the time. — The ground is small & inconveniently situated. — The abandonment of the old Balook Cutcherry having since been determined upon and the spot offering a much more spacious and convenient place and being well situated for the construction of shops the rent of which will go to pay the establishment, its grant has been solicited. —

In continuation of this office Docket No 259 dated the 20th Ultimo, has the honour to submit for sanction, Plans and Estimate for Rupees 3765 for the Construction of a Mahomedan Mosque at Chitramgalur.

† Sent to Deptt on this 30-9-74

2. The sum subscribed by the Mahomedan community is Rupees 1110; and as it is proposed to raise the building on the old site of a Mosque where a substantial foundation is reported to exist, the value of this foundation may be fairly added to the above sum, thus raising the subscription to Rupees 1673, which with an equivalent grant from Government would amount to Rs 3346, or 419 Rs short of the Estimate - and this deficit will have to be made good.

Sir,

In returning the Plans and Estimates for the construction of a Mahomedan Moosafirkhana at Chikmagalur forwarded with your docket No. 4819 of the 3d. instant, I have the honor to observe that owing to the exceptional character of the proposed work, the Chief Engineer is not able to offer a very reliable opinion; but it appears to him that the cornice and ornamental works have been under-estimated. Only one door however is given in the Abstract.

To the corrected amount of the Estimate, as examined in this Office, the Chief Engr. would be inclined to add Rs 300 or Rs 400, which would bring the total to say Rs 4,400 in round figures.
